

The Association of Siamese Architects under Royal Patronage invites all eligible architects and people to participate in ASA Architectural Design Awards 2018

OBJECTIVE

1. To promote and encourage the creation of excellent architecture that is valuable to people, environment, and society.
2. To honor and recognize architecture firms, freelance architects, all the substantial architects who worked on the project, and the other design consultants involving in designing the project.
3. To publicize the creation of excellent architecture to the public in order to enhance their knowledge, understanding, and appreciation in the value and benefit of that creation which impacts quality of life.

PROJECT ELIGIBILITY

1. Project must be designed and submitted by any registered architect or registered architectural firm or anyone who is not a registered architect as regulations allowed.
2. Project can be in Thailand or abroad.
3. Project must be completed and fully in operation before the date on which the awards will be conferred.
4. Project must have never been submitted for ASA Architectural Design Awards.
5. Project must have the owner's permission to be submitted.
6. Project must credit every substantial contributor: architecture firm or the freelance architect, substantial architects in the team (if any), and other design consultants.

Submission materials which do not comply with any of these requirements shall be disqualified.

SUBMISSION PROCEDURE AND MATERIALS

ASA Architectural Design Awards shall be conducted in two stages as follows:

Stage One: Submission for shortlist selection.

Stage Two: Site visit and final selection.

STAGE ONE

Stage One Submission Materials:

Digital Materials:

- a. MS Word file and Jpg files of Project General Data.
(Project General Data Form can be downloaded at www.asa.or.th)
- b. Jpg files of Project Owner's Permission.
(Project Owner's Permission Form can be downloaded at www.asa.or.th)
- c. Jpg files of Two-Six A1 (594 x 840 mm) landscape format layout images consist of:
 - Project description consists of:
 - Project name and location address
 - Project brief and program
 - Project design concept and description-maximum 300 words
 - Materials
 - Project building area, outdoor uncovered area
 - Total project construction cost including construction cost of building, interior decoration, and landscape.
 - Colored or black and white architectural drawings of location plan, site plans with relevant context, all floor plans with area or room title and section key, all exterior elevations-at least 4 sides, sections at all significant spaces and sections that display elevations, etc. at appropriate scale.
These requirements are minimum.
 - Project images with captions. Exterior views of all parts with relevant context should be included-at least 4 exterior views that show all building facades. Interior views of all significant spaces.
In case of refurbished project, project images should be before and after images with captions placed side by side.
These requirements are minimum.
Each image must be minimum 300 dpi.
- d. Individual image jpg files of all data in c.
Each image must be minimum 300 dpi.

STAGE TWO

Stage Two Submission Materials:

Digital Materials:

- e. Not more than 5 minutes video file of the submitted project's exterior views of all parts with relevant context and interior views of all significant spaces-for the sake of providing clear information to the Jury Panel Members, no need to be a professional video.

Printed Materials:

- f. Printed data of c. mounted on 5 mm. thick white foam board without a frame.

The shortlisted projects in Thailand shall be visited by at least one of the Jury Panel Members and the Awards Committee to collect additional data. Each contact person of the shortlisted projects in Thailand shall be required to coordinate with the project owner to make arrangement for the visit.

If required by the Jury Panel Members, any shortlisted project participant may be asked to meet the Jury Panel Members in Bangkok to answer any question the Jury Panel Members have.

Requirements for All Submission Materials:

All submission materials shall be in English.

This is anonymous awards selection. Anonymity should appear in all submission material c., d., e., and f.

The participant making the submission must have legal rights and copyrights of all the submission materials.

All responsibility for infringement of the copyrights or intellectual property rights will be borne by the participant; in the case of such infringement by the awarded project, the award shall be revoked.

Submission materials which do not comply with any of these requirements shall be disqualified.

Any misinformation may result in disqualified.

All submission materials must be submitted to:

The Association of Siamese Architects under Royal Patronage
248/1 Soi Rama IX 17 (Soonvijai 4), Rama IX Road, Bangkok,
Huay Kwang, Bangkok 10310, Thailand
